**Additional Links For My Classes**

As the student progresses through the curriculum, their class status, including test scores, results and class rating information will populate the applicable sections of the "My Classes" screen. Each test that is taken can be reviewed by clicking on the date/time stamp links in the center of the screen below. The students can re-take the test by clicking on the "Retest" link on the left side of the screen. Additionally, they can modify the rating they gave the class by clicking on the percent link on the right side of the screen.
